MEMORANDUM

TO: Files January 7, 1983

FROM: Don Johnson

SUBJECT: U-a/U-b Tract Inspection--General

<u>Personnel Present:</u>	Bob Hobbs	WRSOC	Don Johnson	OSO
	Ron Parker	F-K	John Miley	"
	Steve Navin	Parsons		

Primary Purpose of Inspection: General Tract Inspection

Activities:

The road to the alluvial wells is completed to grade with base gravel in place. The alluvial wells and the truck loadout facility are complete, except for final cleanup. Progress on the Mine Services Building is quite slow due to the periods of sub-zero temperatures and snow. Cold weather has also slowed cleanup efforts around areas of construction activities; however, most of the tract is neat and well maintained. WRSOC has named Bob Hobbs as tract safety and environmental representative. He will be our primary tract contact.
